

Too cold to train??? Not anymore!

Lega Navale Italiana of Pescara
is glad to invite you to train in Italy!

You can come with your boat and stay as long as you want, **free of charge**. You will have also the possibility to rent some of our boats (Optimist, Laser or 420).

Your team will train with our team. We have good-level teams of Laser and Optimist. You can come also with other kind of dinghy.

Pescara is a city in the middle of Italy on the Adriatic Sea. During the day in winter we have a medium temperature of 10-15°. Pescara has the airport and is 2 hour from Rome or from Ancona. If you need, we have contacts for some cheap accomodations. Pescara is very comfortable, nice and funny city. We have mountain with sky resort at 1 hour by car, so you can pass also a day on the snow! We also organize some social events to increase the socialization of childs!

What are you waiting for? **Enjoy sailing with us!**
